MicroStop™ is a unique anti-microbial rubber compound that inhibits the growth of microorganisms such as bacteria, and fungi that can cause odor, stains, and product deterioration. Look for the MicroStop™ logo with select APEX™ food service matting products.

CHOOSING THE RIGHT MAT

YOUR SELECTION SHOULD BE DETERMINED BY THE OPTIMUM COMBINATION OF COMFORT, DRAINAGE AND QUALITY.

COMFORT

- Generally thicker mats are more comfortable.
- 7/8" mats are best where workers remain for a full shift.
- 1/2" mats are excellent for extended use work stations.
- 3/8" mats are best for traffic areas.

DRAINAGE

- In areas of frequent spills and standing water, use a full-drainage mat.
- In drier work and traffic areas, a mat that offers moderate drainage is adequate.

QUALITY

- Grease and oil break down mats and shorten service life. Red matting is formulated and designed to withstand greater protection to grease and oil – the primary contributor to rubber deterioration.

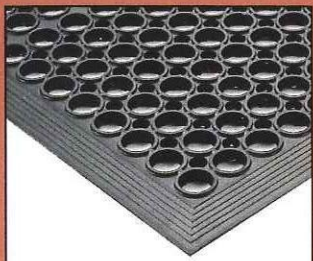

LOCATION AND MAT RECOMMENDATION

LOCATION	RECOMMENDATION	DESCRIPTION
1 Cooking Line	San EZE II, Tek Tough	Grease-proof rubber makes this mat our best
2 Carving Station/Food Prep	San EZE, Tek Tough, Step Light, Optimat	7/8" thickness provides drainage & comfort
3 Dishwasher/Pot Scrub	Tek Tough, Tek Tough Jr, Superflow	Heavy duty rubber make this a good economical choice
4 Dessert Bar	Tek Tough, Tek Tough Jr, Superfoam, Comfort Zone, Superflow	Beveled edge makes cart access easy
5 Bar	Tek Tough Jr, Superfoam, Superflow, Multi Mat, Grip True	Lightweight, oil resistant and easy to clean
6 Waitperson Station	Tek Tough, Superfoam, Superflow	Provides excellent coverage
7 Walk-in Freezers	Multi Mat, Grip True, Deep Freeze Mat	Cold temperatures will not affect rubber
8 Receiving	Traction Mat, Corrugated Runner	Assists in prevention of slips and falls
9 Cash Register	Superfoam, Comfort Rest	Makes standing more comfortable
10 Foyer	Atlantic Olefin, Bristol Ridge, Water Master	Good water absorption capabilities
11 Entrance	Ridge Scraper, Finger Scrape, Bristol Ridge, Water Master, Brilliant Step	Helps keep mud and dirt outside
12 Dining or Kitchen Entrance	Chevron carpet matting	Tweed Design; looks great
