GLOBAL & LOCAL SPECIALTY GOODS

From a small farmer who grows and hand-mills his heirloom grits, to a cheesemaker hand selecting perfectly aged wheels on the same farm where the cows grazed and were milked, the love an artisan has for their product is what makes it special. For us, preserving that human touch by sharing the story is what makes specialty sourcing fun.

While the vast majority of the items in this catalogue are stocked by Cheney Brothers, Inc. in North Carolina, a few are special order items and would require lead time.
